

 See-through window for better visibility.

 Sharper staple to provide less tissue trauma.

 Non-stop feed for reduced jamming.

 Pre-cock function for exact staple positioning.

 Taller staple for easier, less painful removal.

## The Weckstat<sup>®</sup> Skin Staple Extractor

Our unique ring handles provide improved feel and control while our metal jaws provide both strength and reliability. The extractor comes 12 to a box in convenient packaging for easy storage and removal. Plus, it is sterile and disposable.
